Informed Consent

I hereby request and consent to the performance of craniosacral therapy services on me (or on the person named below, for whom I am legally responsible) by Kirstin Colligan, P.T. at Wellness From Within, LLC.

I have had an opportunity to discuss with my treating physical therapist named above the nature and purpose of my craniosacral therapy. I understand that results are not guaranteed.

I further understand and have been informed that physical responses to a specific treatment can vary widely from person to person and it is not always possible to accurately predict my response to craniosacral therapy treatment.

I also understand that it's not always possible to predict precisely what my reaction to a particular treatment might be, or guarantee that my treatment will help or cure the condition I am seeking treatment for.

I also understand that there are some risks that my treatment may cause pain or may aggravate a previously existing condition. I do not expect the physical therapist to be able to anticipate and explain all the risks and complications, and I wish to rely upon the physical therapist to exercise judgment during the course of my treatment which the physical therapist feels at the time, based upon the facts then known her, is in my best interest.

I have the right to ask my physical therapist what type of treatment is being planned based on my history, diagnosis, symptoms and testing results. I have had the opportunity to discuss what the potential risks and benefits of a specific treatment might be. I have also been informed that I have the right to decline any portion of my treatment at any time before or during my treatment session.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its content and all of my questions have been answered to my satisfaction. By signing below, I agree to the above-named craniosacral therapy services.
